DETAILED ACTION

1. The following communication is in response to Applicant's amendment filed 03 August 2006.

Status of Claims

2. Claims 1, 21, 25-27, 31-34 and 41 are currently amended. Claims 1-47 are currently pending.

Response to Arguments

3. Applicant's amendment and arguments, filed 03 August 2006, with respect to the rejection(s) of claim(s) 1-47 under Dent in view of Kight have been fully considered and are persuasive.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 1-47 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding amended claim 1, the phrase "the reduced set of possible payment mechanisms that could effect the transmission of funds" (claim 1, line 15-16) renders the claim

Art Unit: 3691

indefinite. The terms “possible” and “could” appear to be inconsistent with the language of claim 1 that states that the processor: “determines from a set of payment mechanisms a reduced set of payment mechanisms.” This statement suggests that there are definite payment mechanisms. The reduced set of possible payment mechanisms that could effect the transmission of funds is unclear because it allows for payment mechanisms that would not effect the transmission of funds. Furthermore, it is not clear how the determined reduced set of payment mechanisms can be a set of possible payment mechanisms. This suggests that the reduced set of payment mechanisms may not be payment mechanisms at all. Therefore the language of claim 1 is indefinite because it fails to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Amending the claim to state, “determines from a set of payment mechanisms a reduced set of payment mechanisms, the reduced set being a set of payment mechanisms that effect the transmission of funds;” would overcome the rejection. Independent claims 21 and 41 are rejected for similar language. Claims 2-20, 22-40 and 42-47 stand rejected based on their dependency.

Allowable Subject Matter

6. Claims 1-47 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
